Parke will probably be the nominee of the Club for Mayor, though an effort may be; made to select another man. Captain Kanan and L. L. A Case in Four Languages. The case of the City of Decatur vs. Louisa Schugdszastoratigaski, a Polish woman residing in the fifth ward, charged with indecent exposure of person and using language oflensive to Mrs. Conradski, was taken from Justice Albert's court to Justice Coricy to day on a change of venue. It was a case in four languages, English, German, Polish and half-breed, and after all the struggles there was but an indifferent understanding of the facts connected with the fraces. Mr. Miller served as an interpreter, while Attorney Mills, for the city, and Lawyer Webber for the auxious and nervous defendant plied him with questions to be fired at the wondering witnesses. Not wishing to racture their jaws by attempting to pronounce the names of the parties in the case, the attorneys wisely decided not to make arguments. The weman was acquitted on the charge of exposure of peron, but she was fined \$3 and costs for using offensive language. She was given we menths' time in which to pay up.

THE play of "Kit" given last night was not the thrilling performance made famous by the father of Henry Chanfrau who assumed the leading character last night. of the drunken Judge and Major, a couple of bar-room losfers who if seen on the streets would be run in on sight by the police. Mr. Chanfrau is ambitious to win the favor of the public in the role of "Kit," and he did some good acting. His chief support were Miss Alexander and Miss Eagle. A number of the situations were quite sensational.

His many friends and acquaintances which he has made in and out of his congregation while here, are loathe to part with him and he with them. On Thursday and Friday evenings of next week will occur the fair and festival at the tabernacle for the benefit of Goodman's cornet band, under the direction of the ladies of the city. Concerts will be given by all the bands in the city, including Prof. Nilssou's invenile band. There will also be forty old-time violin players on the stage. The festival should be liberally patronized. The band wants mon-

The Winter Wheat. The late reports of the Lliuois Department of Agriculture leave no room for doubting that the growing crop has been seriously damaged by the protracted cold, dry weather in March. La some localities the reporters assert that the wheat was damaged in January when the ground was bare of snow, and the plant was exposed to the extreme lo v temperature that prevailed during the period. In fact the April condition . ! winter wheat in Illinois has not been more unfavorable for years than this season, as is shown by the report of nearly six hundred experienced correspondents of the Illinois Department of Agriculture, who are so distributed throughout the state as to enable them to examine the condition of the growing crop in each locality. The wheat area of the state during the past ten years, has averaged 2,637,434 acres which has returned an average yield of 34,769,518 bushels. The area seeded to winter wheat last fall in this state was 2,317,291 seres, a decrease of 105,472 acres as compared with the pre eeding year. The season is backward as compared with the aveerge years, and the damage to wheat by winter killing cannot be definitely determined until the

CHICAGO, ILL., April 10.-On Tuesday morning a notice was posted at the gate of the McCormick Reaper Factory announcing that April 9th would be payday for such of the strikers as would return to work. Yesterday while the work of paying was going on, about five hundred of the strikers were in the immediate vicinity discussing affairs. About noon a bus containing ten Pinkerton police drove from the works, where they had been to assist in protecting property. the reaching the crowd the Pinkerton men suddenly opened fire upon them, and volley after volley of shots was fired in rapid succession. The traces of fifteen bullets were found in adjacent houses. some of them barely missing women and children. One of the bullets struck an children. One of the bullets struck an aged man, George Roth, one of the strikers, who is now lying at the polut of death in his house, 659 Blue Island Avenue. That not more people were wounded or killed is almost a mirade. The men were dumbfounded for a moment. Then they stormed after the vehicle, firing several shots. Officer Kelly, who was on the spot, gave the slarm for the police patrol and the Pinkerton men were taken to the Human Street Station, were taken to the Himman Street Station, where it was thought advisable to trans-

Crowds of excited men followed the patrol to the stations. Four of the prisoners were identified as having fired in the direction of the spot where Roth fell.

A heavy Colt five-shooter revolver of 41-caliber was taken from each of the prisoners. Two or three chambers were empty in each weapon. The prisoners, John Lyons, Roht. McCollum, John Celemon and Richard Hughes, are held in \$10,000 ball each, furnished by Cyrus H. McCormick, Jr., and Superintendent Robertson of l'inkerton's agency. The Pink ecton men claim that the strikers stopped the horses and tried to overturn the bus and, considering their lives in danger, they fired. At seven o'clock last night four l'inkerton men entered a 'bus at the agency's headquarters. Driving to the Illimian Street Station, they took on Captain O'Donnell and six policemen. From there they proceeded to the resper works to guard the property. When within 200 yards of their destina-tion, a mob opened fire from shotguns and revolvers on the 'bus, and then upset it, capturing two cases of Winchester ritles. Upon recognizing Captain O'Don-nell, the mob desisted, and assured that official they would show all due respect or the law. The Pinkerton men were taken away lu a patrol wagon to aver:

Joseph Carter killed his hogs recently, and 20 average 1 843 pounds, the heaviest weighing 1,059 pounds. It was conceded next to impossible to exceed this average. But Taylor Devinney, who lives near Wrights town, achieved the honor of having raised the heaviest lot on record Four of the heaviest weighed 1,025, 1,035, 1,055 and 1,079 pounds respec tively as they hung on the shambles dressed, and with the remaining six teen the average of the twenty was 872 pounds. The lightest hog in the lot weighed 739 pounds. These weights are net, after deducting the gambrel and stretcher. The measurement of the large hog was 5 feet 9 inches from the ear to the ham, and the girth was 7 feet 5 inches. They were of the Jersey red variety, and were pigged in May, 1883, so that they were not two years old. In addition to these hogs Mr. Devinney killed eight pigs, not yet a year old, that weighed from 395 to 520 pounds.
